

Construction and Builders Lien Litigation Lawyer

Here is an outstanding opportunity to join an exciting team at Kornfeld LLP.

We are seeking a four- to eight-year lawyer with a strong working knowledge of construction and builders' lien matters to complement our team of some 15 commercial litigators. The ideal candidate should have more than four years of quality commercial litigation experience and be motivated, mature, creative, and devoted to excellence and professionalism. Superior written and oral communication skills are essential.

Our work is usually demanding but always exciting and challenging, often involving complex or high-profile disputes. Our clients tend to be entrepreneurs with significant cases. The source of most of our work is referrals from clients and other firms, both regional and across North America.

Representing some of Vancouver's most successful developers, entrepreneurs, and commercial lenders and borrowers, the new and improved Kornfeld LLP / Kornfeld Shapray & Partners team does large firm work in a more intimate, friendly environment. The merger has increased the litigation department's bench strength and capacity to handle large complex matters and we need help.

We offer a supportive environment, devoid of bureaucracy, and composed of experienced and thoughtful lawyers and staff. We offer a competitive compensation package tailored to suit the needs of the successful candidate and the firm.

Our firm and lawyers are recognized for proficiency by Chambers and Partners, Lexpert and Benchmark Litigation. For more information, please visit www.kornfelldllp.com
